Product description

3 Sided Roll Cage Container – 800x640x1600 mm – Nestable, Plastic Base – rent

This metal roll container for rental has exterior dimensions of 800x640x1600 mm and interior dimensions of 785x615x1395 mm. The weight of the 3 sided roll container is 48 kg and the carrying capacity is 500 kg. This roll container has two hinged side walls and a fixed rear gate, the plastic bottom can be folded up against this rear gate. The roll container has two swivel and two fixed wheels with rubber tread (diameter 125 mm) and a central foot brake. The roll container is completely galvanised. On the back is a noteboard of 175×200 mm, including plastic card holder. In addition, cut-outs have been made, making the roll container easy and comfortable to use. The wheels of this rolling container are suitable for use in a freezer, they can withstand a temperature of up to -40 °C.
