Category: Stacking Racks, Pallet Racks,

Product description

Demountable Post Pallet – 1545x1180x310 mm – Single Base

Post pallet metal stacking rack for rental with exterior dimensions of 1545x1180x310 mm and interior dimensions of 1370x1005x310 mm. The effective inner dimensions of this stacking rack are 1300×935 mm, measured between the legs/tubes. This thermally galvanized stacking rack is scratch resistant, sturdy and rust-resistant. Moreover, this is the perfect solution for temporarily expanding your storage capacity. The unique design ensures that you always have quick access to the stored materials, because the rack can be accessed form all 4 sides.

The tubes on the corners of this post pallet are available in multiple heights. Depending on this height, the carrying capacity varies between 1500 and 2000 kg per mobile rack. When stacking the mobile racks, please note that the gap between the two racks is the length of the tube, minus 8 centimeters.
