Product description

Full Security Roll Container – 850x735x1690 mm – 600 kg Load Capacity – rent

This metal roll container for rental has exterior dimensions of 850x735x1690 mm and interior dimensions of 820x690x1420 mm. The gap from the base to the shelf is 965 mm and the space between the shelf and the roof is 455 mm. The anti-theft container is nestable and therefore saves space in storage or during transport! The lockable roll container consists of two swivel and two fixed wheels. This makes the roll container easy to use and easy to manoeuvre. The gridded anti-theft container has a carrying capacity of 600 kg and is therefore suitable for heavy load. Grid dimensions are 50×50 mm and their own weight is 61 kg. The roll container protects your products from damage and theft.

Placing goods on a roll container is a practical and efficient way for loading, unloading and safe transport.
