### Product description

# 3 Sided Roll Container – 820x655x1900 mm – Nestable – rent

Metal roll container for rental with exterior dimensions of 820x655x1900 mm and interior dimensions of 800x610x1700 mm. The roll container is equipped with two side gates, a rear gate and a tension strap. In addition, the roll container is equipped with a closed base. The roll container is very manoeuvrable and user-friendly due to the two swivel and two fixed wheels. The container’s own weight is 35 kg and the carrying capacity is up to 600 kg, making the roll container suitable for heavy loads. The roll container is nestable and consists of an A-frame construction of galvanized metal. This makes the roll container space-saving during return transport or storage when not in use.

Placing goods on a roll container is a practical and efficient way for loading, unloading and safely transporting your products.
