Product description

Agricultural Roll Container for Fruit and Vegetables AGF – 870x600x1700 mm – rent

Roll container for rental with dimensions of 870x600x1700 mm. This roll container is specially designed for transporting fruit and vegetables. This AGF roll container is suitable for bags, boxes or chests. With this roll container, the sides are mounted on the front and back of the roll container, so the long sides of the container remain open. The base and sides are made of galvanised metal. This special construction makes it easier to load and unload goods. This AGF roll container for internal transport is equipped with two swivel and two fixed wheels of 100 mm PA plastic. The maximum carrying capacity is 500 kg.

Placing goods on a roll container is a practical and efficient way for loading, unloading and safely transporting your products. At Rotomrent you can rent out various roll containers, check out our extensive range here.
