Product description

Big Bag Stacking Rack - 1120x1120x310 mm - Top and Base - rent

Big Bag metal stacking rack for rental with exterior dimensions of 1120x1120x310 mm. The dimensions between the tubes is 950x950 mm, the cargo space between the tubes is 875 mm. This galvanised stacking rack is scratch resistant, sturdy and rust-resistant. Moreover, this is the perfect solution for temporarily expanding your storage capacity. The weight of this stack rack is 40 kg.

This big bag rack consists of a base and upper frame, excluding tubes and bag. The tubes on the corners of this stack buck are available in multiple heights. The carrying capacity of a Big Bag rack is 1000 kg. If you want to stack the base and upper frame of the tube racks, please note that the gap between the two racks is the length of the tube, minus 8 centimeters. This space is created by the tube sinking slightly into the rack that is on the ground.
