Product description

Demountable Post Pallet - 1545x1180x310 mm - Single Base

Post pallet metal stacking rack for rental with exterior dimensions of 1545x1180x310 mm and interior dimensions of 1370x1005x310 mm. The effective inner dimensions of this stacking rack are 1300x935 mm, measured between the legs/tubes. This thermally galvanized stacking rack is scratch resistant, sturdy and rust-resistant. Moreover, this is the perfect solution for temporarily expanding your storage capacity. The unique design ensures that you always have quick access to the stored materials, because the rack can be accessed from all 4 sides.

The tubes on the corners of this post pallet are available in multiple heights. Depending on this height, the carrying capacity varies between 1500 and 2000 kg per mobile rack. When stacking the mobile racks, please note that the gap between the two racks is the length of the tube, minus 8 centimeters.

Specification

Outside dimension length (mm)	1545
Outside dimension width (mm)	1180
Outside dimension height (mm)	310
Inside dimension length	1370
Inside dimension width (mm)	1005
Inside dimension height (mm)	310
Material	Metal
Carry weight (kg)	1500-2000
Static load (kg)	7500
