Product description

Demountable Post Pallet with Multiplex Base - 1545x1180x310 mm

Post pallet metal stacking rack for rental with exterior dimensions of 1545x1180x310 mm and interior dimensions of 1370x1005x310 mm. The inner dimensions of this stacking rack are 1300x935 mm, measured between the legs/tubes. This thermally galvanized stack rack is scratch resistant, sturdy and rust-resistant. Moreover, this is the perfect solution for temporarily expanding your storage capacity. The unique design ensures that you always have quick access to the stored materials, because the rack is accessible from all 4 sides. The weight of this stacking rack is 41 kg.

This mobile stacking rack comes with no tubes, but includes a plywood base plate of 12 mm thickness. In addition, the tubes on the corners of this post pallet are available in multiple heights. Depending on this height, the carrying capacity varies between 1500 and 2000 kg per mobile rack.
