Product description

Demountable Post Pallet with Plywood Base - 1850x1035x310 mm - Double - rent

Double mobile metal stacking rack for rental with exterior dimensions of 1850x1035x310 mm and interior dimensions of 1850x1035x310 mm. This thermally galvanised stacking rack is scratch resistant, sturdy and rust-resistant. Moreover, this is the perfect solution for temporarily expanding your storage capacity. The unique design ensures that you always have quick access to the stored materials because the rack of 4 sides can be accessed. The own weight of this demountable post pallet is 62.5 kg.

This Euro rack comes with a 12 mm thick plywood base and excludes the stacking tubes. The tubes on the corners of this post pallet are available in multiple heights. Depending on this height, the carrying capacity varies between 1500 and 2000 kg per mobile rack. When stacking the mobile racks, please note that the gap between the two racks is the length of the tube, minus 8 centimeters.
