Category: Internal Transport, Dollies and Rolling Platforms,

Product description

Transport dolly 600x400x175mm for distribution containers - for rent

Durable and maneuverable transport cart with a load capacity of 350kg. Two sets of fixed casters and two sets of swivel casters made of rubber – they are quiet and suitable for delicate surfaces.

Designed to transport ALC nested distribution containers of 600x400mm

The specially designed base of the transport cart locks the containers placed on the cart and prevents them from slipping during transport. Thanks to this you can successfully transport 2-3 containers stacked on top of each other.

Ideal for transportation during a move

.

This professional low dolly cart is a staple in all office, school or warehouse moves.

.
