Double-walled Roll Container 800x700x1700mm – polyamide wheels

Double-walled mesh cart with walls placed on the side of 800mm. Very easy to use, ensures efficient work. Polyamide wheels with a diameter of 100mm: 2 swivel and 2 fixed wheels. Very popular rollcontainer for removals.

Category:

Product description

Tw0-Sided metal rollcontainer 800x700x1700mm for rent – PA wheels

.

A very sturdy and at the same time manoeuvrable mesh cart with a metal base. The walls of this roll container are attached on the longer sides, allowing stable transport of items larger than the base’s length. The roll container has 4 casters made of polyamide with a diameter of 100 mm: 2 swivel and 2 fixed casters. Load capacity of the rollcontainer is 400kg.

.

Ideal roll container for removals

.

This model of roll container is most often rented for removals in offices, schools or warehouses. It will successfully transport documents, plastic containers but also plants, dry

erase boards or paintings. It can have shelves for more efficient loading.
