Product description

EPAL Euro Plastic Pallet – 1200x800x160 mm – Anti-slip

This EPAL euro pallet for rental has fixed dimensions of 1200x800x160 mm. This reinforced pallet is the one of the most widely used plastic pallets in Europe. This pallet is characterised by a high quality material, reliability and firmness.

The pallet is equipped with 3 skids and can be approached from 4 sides with a pallet truck and forklift. The pallet is equipped with an anti-slip top deck and metal profiles to strengthen the structure. The dynamic carrying capacity and racking capacity of the plastic pallet is 1750 kg the static carrying capacity is 7500 kg. The weight of the plastic euro pallet is 21 kg.

Packaging and pallets based on the collomodular Euro size (1200×800 mm) ensure optimal use of space when used together in transport and storage.
