Product description

EPAL Euro Wooden Pallet - 1200x800x144 mm - 3-Skids

This EPAL euro pallet for rental has fixed dimensions of 1200x800x144 mm. This 1st choice pallet is the most widely used pallet in transport throughout Europe. This pallet is characterised by a high quality material, reliability and firmness. The dynamic carrying capacity is 1500 kg and the static carrying capacity is 4000 kg. The euro pallet is therefore suitable for heavy loads and extremely functional. The pallet is equipped with 3 skids and can be approached from 4 sides with a pallet or forklift. The weight is 25.8 kg. Packaging and pallets based on the collomodular Euro size (1200x800 mm) ensure optimal use of space when used together in transport and storage.

Placing goods on a pallet is a practical and efficient way for loading, unloading and safely transporting your products.
