Product description

Full Security Roll Container - 1200x800x1800 mm - Nestable, 500 kg Load Capacity - rent

Metal anti-theft roll container for rental with exterior dimensions of 1200x800x1800 mm and interior dimensions of 1100x750x1500 mm. The grid size is 100x50 mm. The anti-theft container is equipped with Euro size dimensions and two lockable doors. The weight of the roll container is 71 kg and the carrying capacity is 500 kg. The roll container against theft is electrolytically galvanised and equipped with four swivel wheels with blue rubber tread. The wheels are also low in sound and do not leave any streaks. The metal roll container is equipped with a nestable construction with A-frame base, which means that the roll container takes up less space and more roll containers can be transported in a trailer. This roll container is suitable for the transport of valuable goods.
