Hygienic distribution container 600x400x350 mm

Hygienic distribution container with integrated lid. Ensures safe transportation of products requiring special conditions during transport. Speacial RFID label allows full tracking of the container during transport.

Category: Plastic Boxes, Distribution boxes,

Product description

Hygienic distribution container – 600x400x350mm for rent

.

High quality plastic container for distribution of goods, requiring hygienic environment during transportation. The nested design of the plastic container allows stacking when the container is loaded and has a closed lid. Empty containers can be stacked 1 in 2 to save space in transport and storage. Capacity 64 l.

Maximum tightness, track & trace with RFID reader

.

Because of its sturdy construction, the container provides maximum airtightness. Special holes in the integrated lids provide the possibility of sealing the container for transport. Integrated label with RFID code gives the possibility of full traceability of each container by special readers.
