Product description

Metal Gitterbox Stillage - 1240x830x970 mm - 1000 kg Load Capacity - rent

Metal DIN gitterbox stillage for rental with exterior dimensions of 1240x830x970 mm and interior dimensions of 1180x780x800 mm. These metal boxes are very suitable for the storage of heavy items (production waste, parts for car manufacturing) and also resistant to damage. The weight of the rasterized box is 70 kg. The dynamic load capacity is 1000 kg and the static carrying capacity is 4000 kg. The gitterbox is equipped with two folding doors on the long side, this facilitates loading and unloading. The DIN box is powder-coated RAL 7030. The walls are made of a robust wire construction (international standard Q235 steel wire). The collapsible wire box is also equipped with removable planks in the base for pressure distribution and for improvement of firmness. These gitterboxes are great for the automotive industry and machine parts.

Specification

Outside dimension length (mm)	815
Outside dimension width (mm)	450
Outside dimension height (mm)	950
