Product description

Metal Shelf - 750x620x40 mm - for Roll Containers - rent

Metal shelf for roll containers for rental with dimensions of 750x620x40 mm. The unit weight is 6 kg and the grid width is 75x100 mm. The metal board is made of galvanized metal and means the roll container can be divided into compartments by means of this insert board. This allows products to be separated and protected. The carrying capacity is 50 kg.

Placing goods on a roll container with shelves is a practical and efficient way for loading, unloading and safely transporting your products. At Rotomrent you can rent out various roll containers, check out our extensive range of roll containers here.
