Product description

Order picking trolley 1143x628x1805 mm – rental

This order picking trolley measures 1143 x 628 x 1805 mm and comes with two aluminum shelves, for additional storage options. The own weight is 67.5 kilograms and the maximum load capacity of the container is 450 kilograms. The maximum load capacity per shelf is approximately 100 kilograms. The roll container is equipped with a step with an anti-slip coating and non-marking rubber feet. When not in use, the step is kept in place by a pin. The roll cage also has swivel casters (incl. brake) with a diameter of 125 mm and rubber edges to prevent scratches on impact. The two handles consist of a high-quality plastic, dimensions 300 mm. In addition, the rollcontainer has a blank plate with space for a safety sticker (127 x 252 mm).
