Product description

Plastic distribution container - 1160x480x360mm for rent

High quality plastic container for transporting goods. Capacity 130 l. Made of durable plastic, it offers a considerable amount of space. Special places for labels located on the shorter sides

Nested design, integrated lid

The nested design of the plastic container allows for stacking when the container is loaded and has the lid closed. Empty containers can be stacked 1-in-2 – nested – to save space in transportation and storage.

Ideal for transportation during a move

.

This large plastic container is great for moving in offices, libraries, warehouses or schools. Thanks to the lid, it provides greater security for the goods. It is dustproof and light-proof. The 1m long base area provides great space for transporting binders, folders, documents and other office equipment.

.

When transporting valuable items or confidential documents, the container can be sealed for transport

.
