Product description

Plastic distribution container 600x400x365mm for rent

High quality plastic container for transporting goods. Capacity of 65L. Made of durable plastic offers a considerable amount of space. Special places for labels located on the shorter sides

Nested design, integrated lid

The nested design of the plastic container allows for stacking when the container is loaded and has the lid closed. Empty containers can be stacked 1-in-2 – nested – to save space in transport and storage.

Ideal for transporting small valuables during a move

.

This plastic container is great for moving in offices, libraries, warehouses or schools. Thanks to the lid, it provides greater security for the goods. It is dustproof and light-proof. The container can be sealed for transport

.
