Product description

Plastic Dolly with Grid Base – 810x610x150 mm – Red – rent

Plastic dolly for rental with dimensions of 810x610x150 mm. This dolly is equipped with a gridded base. The strong frame allows you to safely transport boxes with this dolly. The dolly is suitable for nestable plastic boxes or crates with dimensions of 800×600 mm (Euro containers). The carrying capacity of the dolly is 300 kg and the weight of this trolley is 5 kg. Empty dolly’s can be stacked to save space. The upright collars of the dolly ensure that the goods do not slide off the dolly during transport. In addition, this dolly is made entirely of high quality HDPE plastic and therefore suitable for use in hygienic environments.

Placing goods on a dolly/undercarriage is a practical and efficient way for safely transporting your products.
