Plastic Nesting Container – 1160x480x342mm

Large nesting stick container, used most often in removals. Ideal for transporting documents and other office items.

Category: Plastic Boxes, Nesting boxes,

Product description

Plastic nesting container, riser 1160x480x342mm for rent

.

High quality plastic container for transporting goods. Capacity 130L. Made of durable plastic, it offers a considerable amount of space. Special spaces for labels located on the shorter sides

.

Nested design, additional metal risers

.

The nested design of the plastic container allows stacking when the container is empty. Thanks to additional metal arches, it is also possible to stack the containers on top of each other – piledriving – even when they are full of goods. Thanks to extendable arches and

special ribbing in the base, the container placed on top stabilizes in the exact position. By folding down the risers, empty containers can be nested to save storage space

Ideal for transportation during a move

.

This large plastic container is a great solution during moves in offices, libraries, warehouses or schools. The 1m long base area provides great space for transporting binders, folders, documents and other office equipment.
