Product description

Plastic Pallet - 1200x1000x160 mm - Anti-slip

This plastic pool pallet for rental has dimensions of 1200x1000x160 mm. This industrial pallet is characterised by a high quality material, reliability and firmness. The pallet is equipped with 3 skids and can be approached from 4 sides with a pallet truck and forklift. The pallet is equipped with an anti-slip top deck and metal profiles to strengthen the structure. This heavy pallet is made for universal use in all industries. The weight of the plastic pallet is 25.5 kg. The dynamic carrying capacity of the non-slip pallet is 1500 kg, the racking capacity is 1400 kg and the static carrying capacity is 7500 kg.

Placing goods on a pallet is a practical and efficient way for loading, unloading and safely transporting your products. At Rotomrent you can rent out various pallets, check out our extensive range here.
