Category: Pallet Collars, Plastic collars,

Product description

Plastic Pallet Collar - 1200x1000x200 mm - 4 Hinges

Plastic pallet collar for rental with dimensions of 1200x1000x200 mm. This collapsible pallet-mounted collar is made entirely of a high-quality PE plastic and can be used in a hygienic environment. The pallet collar is equipped with 4 hinges and has a weight of 12 kg. This makes the collars collapsible when not in use and therefore space-saving. Pallets can be easily and quickly converted into a box due to these collars. Multiple walls can be stacked on top of each other to create a higher collar and create a larger capacity.

Placing goods on a pallet with a set collar is a practical and efficient way for loading, unloading and safely transporting your products. At Rotomrent you can rent out various pallets and set-up collars, check out our extensive range of set-up collars here.
