Product description

Plastic Shelf For 2 Sided Roll Containers – 810x660x55 mm – Grided – rent

Plastic shelve for 2 sided roll containers with dimensions of 810x660x55 mm. This blue shelf (color: RAL 5010) can be used in combination with a 2 sided roll container with a base of 810×720 mm. This platform creates levels within roll containers and this allows the space of the roll container to be optimally utilised. This shelf is hygienic, has a maximum carrying capacity of 150 kg and has its own weight is only 3 kg. The innovative design of the shelf ensures that it can be installed quickly and easily.

Placing goods on a roll container is a practical and efficient way for loading, unloading and safely transporting your products. At Rotomrent you can rent out various roll containers, check out our extensive range of roll containers here.
