Product description

Wire Pallet Cage Container - 1200x1010x1200 mm - Collapsible, 345 kg Load Capacity - rent

This metal wire container for rental has exterior dimensions of 1200x1010x1200 mm and interior dimensions of 1134x978x1037 mm. The strong wire container has a carrying capacity of up to 345 kg. The metal of the container is galvanized and as a result the container is protected from damage, moisture and bad weather. The mesh container is collapsible, the folded height is 350 mm. The weight of the wire container is 71 kg.

These wire pallet cage containers are mainly used for rental in the automotive industry, mussel farms and for the storage of, for example, production waste or parts for the manufacture of cars.

Placing goods in this wire container is a practical and efficient way for safely storing and transporting your products. At Rotomrent you can rent out various mesh containers.
