Product description

Wooden Pallet Collar - 800x600x200 mm - 4 Hinges - rent

Wooden pallet collar for rental with dimensions of 800x600x200 mm. The pallet collar is equipped with 4 galvanized hinges and has its own weight of 10 kg. This makes the collars collapsible when not in use and therefore space-saving. Pallets can be easily and quickly converted into a box due to these walls. Multiple walls can be stacked on top of each other to create a higher collar and create a larger capacity.

The wood has been treated according to the ISPM-15 directive and artificially dried in certified dry treatment rooms for wooden packaging, enabling transport inside and outside the EU.

Placing goods on a pallet with a set collar is a practical and efficient way for loading, unloading and safely transporting your products.
